

HORQ/DS

Product description and intended use

The **HORQ/DS**, designed and produced by **SENIOR**, is a fastening piece made of high quality galvanized steel DX51D + Z275 MAC with a 1.5 mm thickness. It has a polypropylene bushing with a special nut (nut + washer) inside. It has also a locking device (DS), which guarantees a stabler fastening.

Its main purpose is to hang gypsum continuous ceilings using 47 and/or 60 mm metal channels.

SE-HORQ/47DS-M6: Fastening hanger for 47 mm channels (metric 6)
This product is available in 30 and 100 units boxes.

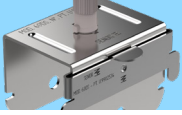

SE-HORQ/60DS-M6: Fastening hanger for 60 mm channels (metric 6)
This product is available in 24 and 80 units boxes.

Main benefits

- ✓ It can be placed easily in the channel.
- ✓ The locking device (DS) ensures the piece to the channel.
- ✓ The polypropylene bushing:
 - ✓ allows easy and quick leveling.
 - ✓ does not conduct electricity.
 - ✓ provides thermal break avoiding the heat and cold transmission.
 - ✓ avoids condensations from temperature changes.
